BRAZOS COUNTY WINS BIG BALE RECORD

Carlo Cuduro Gets Sum of \$176.57 for One Lone Bale of Cotton Raised in Brazos County.

Since you have read the headline on this article we give you here statistics to back up the statement. Yesterday afternoon Carlo Cuduro climbed upon a wagon load of seed cotton and headed his team towards Bryan. When he arrived he went to a local gin and had the lint separated from the seed and told the gin man he wished to consign the bale to J. M. Saladiner, the groceryman. This morning Mr. Saladiner called Mr. Cuduro to town over the phone and told him he had in cash for him \$176.57 for the load of cotton he consigned to him the day before. The figures follow: Marks, C. C. No. 621; weight, 764; sale price, 18 cents; amount for lint, \$137.52. The cotton seed netted \$39.40. Sampling and weighing 15 cents; commission for selling, 20 cents. Net profit for the bale to the producer, \$176.57.

Now the Eagle, published in Brazos county, the county containing the most fertile soil in America, makes this statement: This is the champion bale of cotton ever produced, not only in our own county, or in Texas, or in the Southwest, or even in America, but in the world.

Let every cotton county, or we will say every county that claims to have good farmers in the class of Mr. Cuduro, come forth and beat this if you can. We do not exclude Ellis, Williamson, Navarro, Hill or any other. What is your record bale?

B. B. A. DEFEATS BLINN MEMORIAL

In Most Spectacular Football Game of Season B. B. A. Defeated Memorial 20 to 7.

When Referee Marshall Bullock "tooted" his whistle yesterday afternoon on the Bryan Baptist Academy football field, the eyes of the spectators opened in anticipation of what was to come. While the real expectation was for a close game, "our own home team" turned the tables. Captain Freeman, who generals the team at quarter, did himself much credit before the game came to a close with the score standing 20 to 7. The prowess of the Bryan Baptist Academy was upheld in athletics yesterday the same as it is always upheld, religiously, morally or otherwise, by the president of this institution, Dr. M. E. Weaver, his faculty and the student body.

Blinn Memorial College of Brenham has a good, strong team, the players are boys who like good, clean football, but they were outgeneraled and outplayed yesterday by the B. B. A. boys. All of the eleven men deserve special mention. We would say that the most spectacular play was when George Lee, playing left half back, intercepted a forward pass, made it complete, and leisurely carried the ball forty yards for a touchdown. For the home team, Scott at right half had no trouble in puncturing the Blinn Memorial line for gains ranging from 10 to 20 yards.

The visitors pulled only one stunt during the game which was noticeable and that was when one of their halves received the kick off and returned the ball 65 yards.

London, Oct. 24.—Important successes for the Germans on all fronts were reflected in today official statement, the substance of which follows: The Germans and Austro-Hungarian forces after a violent engagement south of Kronstadt, Transylvania, captured Predeal yesterday, taking 600 prisoners. The Rumanians made an attack on the whole Oltuz front near the Rumanian border, but were repulsed with the loss of several hundred prisoners.

On the Somme front the British and French troops made an attempt to break through the German lines at any cost, using great numbers of troops in repeated attacks, but all broke down with heavy losses. The defeat of the allies was so severe that all along the front the dead were lying one row after another.

The occupation of Constanza and Medjidie in Dobrudja, which Field Marshal Von Mackensen captured yesterday, was announced by the Russian war office this morning under hostile pressure. The statement says the Russian and Rumanian troops retired to the heights north of these places.

The Serbian troops operating in the Verna region on the Macedonian front won a new success, according to the Paris announcement. A counter attack launched by the Bulgarians was stopped by the Serbian artillery.

The French and German artillery forces were busy last night south of the Somme river, where an artillery duel raged in the Blaches-Ablaincourt region. There was no infantry action on the French front on the Somme, the statement says.

The left wing of the Rumanian and

Russian forces in Dobrudja has been obliged to retire toward Tzaramurat, twelve miles north of Constanza, on the Tchernavoda railroad, says the Rumanian official statement.

JOE UTAY SEES MANY CHANGES

Prominent Attorney of Dallas Talks of Progress Made in Bryan Since He Went Away.

There are very few people in Bryan, or for that matter in Texas or the Southwest, who do not know Joe Utay, either by reputation or by some kind word he has spoken to them since he reached the age of accountability. It was the pleasure of an Eagle representative who, by the way, has known Mr. Utay for many years, to meet him yesterday afternoon after the A. and M.-S. M. U. game at Kyle Field, and have a very pleasant conversation with him. Space forbids mentioning the many good things he had to say about different individuals in this city who are his friends, and says he has never seen a "country burg" come out like Bryan.

"The idea of a single building in a town of this size being built at a cost of a little over \$100,000, hardly seems reasonable, but when you see what E. H. Astin, a life-long friend of A. and M., is erecting right down there, you are brought to new realization of Bryan's growth and prosperity," remarked Mr. Utay. "My, how Bryan has changed," continued Mr. Utay. "When I came here to enter school I needed gum boots to cross Main street and I had to dodge ox-driven carts to save myself from harm, but now I have to dodge automobiles of all sorts and sizes."

Mr. Utay is a prominent attorney of Dallas now, being associated with Attorney Albert Walker in the Busch building, and the Bryan Eagle bespeaks for the future of this man a very full measure of success.

COPELAND JURY WAS COMPLETED

Noted Case From Marshall, Texas, on Trial at Galveston—Jurors All Protestants Except Two Jews.

(By Associated Press.) Galveston, Texas, Oct. 24.—The jury in the case of John Copeland, a bank cashier at Marshall, Texas, charged with murder in connection with the killing of William Black, an anti-Catholic lecturer, in Marshall in February, 1915, was completed at 12:30 today. The four jurors selected today are W. B. Elgy of Galveston, having no regular church affiliations; Anthony Credo of Galveston, Baptist, but formerly a Catholic; O. A. Walker of Galveston, a Presbyterian, and W. L. Knowles of League City, a Methodist. All the jurors are Protestants except two who are Jews. Surprise was created when Judge Briggs announced he would not allow the publication of the testimony adduced during the trial. After the indictment was read the court received Copeland's plea of "not guilty."
